PRELIMINARY AMENDMENT

Sir:

Please amend the application as follows:

IN THE CLAIMS

Please add the following claims:

34. In combination, a hybrid motor vehicle comprising:

'an electric motor connected to a first pair of wheels;
a cruise mode control circuit having preprogrammed cruise
mode operating conditions, said control circuit automatically
activating first coupling means for connecting a combustion
engine to a second pair of wheels during a cruise mode on
condition and deactivating said first coupling means during
a cruise mode off condition, and said control circuit activating
second coupling means for connecting said combustion engine
to an electric generator for charging a battery during the
cruise mode off condition;

said combustion engine running in an optimum mode at
substantially constant speed and power output level.
